CORPORATE INVESTMENTS GROUP, INC.
(an Illinois corporation)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2004

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

Corporate Investments Group, Inc. (the Corporation) was incorporated on January 1, 1995 in the state of Illinois. The Corporation is a non-carrying, introducing broker for Pension Financial Services. As such, it introduces new customer accounts but does not carry them on its books. Its purpose and business is to charge a commission for the purchase and sale of securities for the customers it introduces.

The Corporation is a member of the National Association of Securities Dealers.

Basis of Accounting

The Corporation's financial statements are prepared on the accrual basis of accounting, which conforms to U.S. generally accepted accounting principles.

Cash Equivalents

For purposes of the statement of cash flows, the Corporation considers all highly liquid debt instruments purchased with maturity of three months or less to be cash equivalents.

Depreciation

The cost of property and equipment is depreciated over the estimated useful lives of the related assets. Depreciation is computed under an accelerated method, which conforms to U.S. generally accepted accounting principles. The useful lives of property and equipment for purposes of computing depreciation are as follows:

Machinery and equipment	5 years
Furniture and fixtures	7 years
Leasehold improvements	40 years

Depreciation and amortization expense of property and equipment charged to operations was \$7,617 for the year ended December 31, 2004.

The cost and accumulated depreciation/amortization of major classes of assets for 2004 is as follows:

<u>Asset Class</u>	<u>Cost</u>	<u>Accumulated Depreciation/Amortization</u>
Equipment	\$46,968	\$45,737
Furniture and fixtures	7,859	7,104
Leasehold improvements	14,200	2,041
Vehicles	12,049	10,749
TOTAL	<u>\$81,076</u>	<u>\$ 65,631</u>

Advertising

The Corporation expenses advertising costs as incurred.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Concentration of Credit Risk

The Corporation maintains its cash in bank deposits, which, at times, may exceed federally insured limits. The Federal Deposit Insurance Company (FDIC) secures these bank accounts up to \$100,000. At December 31, 2004, this excess was \$1,119. Management does not believe it is at any significant risk in regards to cash.

Revenue Recognition

The Corporation's primary source of revenue is for commissions earned on securities purchased and sold. Revenue is recognized in the period in which the transactions occur.

Bad Debt Expense

No valuation allowance for receivables has been established, as management believes all receivables are fully collectible.

NOTE 2 – FINANCIAL INSTRUMENTS WITH OFF BALANCE SHEET RISK

As an introducing broker, the Corporation holds no customer segregated cash or securities balances. Securities transactions are processed by clearing brokers on a fully disclosed basis. In conjunction with this arrangement, the Corporation may be contingently liable for unsecured debit balances in the customer accounts introduced by the Corporation. These customer activities may expose the Corporation to off balance sheet risk in the event the customer is unable to fulfill its contracted obligations.

The Corporation's policy is to continuously monitor its exposure to market and counter party risk through the use of a variety of financial position and credit exposure reporting and control procedures. In addition, the Corporation has a policy of reviewing the credit standing of each broker/dealer, clearing organization, customer, and/or other counter party with which it conducts business.

NOTE 3 – INCOME TAXES

The Corporation has elected to be taxed under the provisions of Subchapter S of the Internal Revenue code of 1986; therefore, the income or loss of the Corporation flows directly to the stockholders and any income tax consequences are reportable in the income tax returns of the stockholders. Income of the Corporation is subject to a replacement tax by the state of Illinois at the rate of one and one half percent (1-1/2%).

NOTE 4 – CAPITAL STOCK

The authorized, issued, and outstanding shares of capital stock at December 31, 2004, were as follows: Common stock, no par value; 100,000 shares authorized, 14,700 shares issued and outstanding.

NOTE 5 – NET CAPITAL REQUIREMENTS

At December 31, 2001, the Corporation's net capital as computed pursuant to the rules of the National Securities Dealers Association was \$151,690, which was \$51,690 more than the minimum net capital requirement of \$100,000.

NOTE 6 – RECEIVABLE FROM SHAREHOLDER

Receivables from non-customers includes a receivable from the shareholders in the amount of \$52,600, for funds recently extended on their behalf. This loan is non-interest bearing and the intent is to settle the receivable within the current period.

NOTE 7 – OPERATING LEASES

The Corporation leases one of its locations under an operating lease, which has not yet been renewed and is currently on a month-to-month basis. Total rent paid under this lease during 2004 totaled \$10,920.

NOTE 8 – RECEIVABLES FROM NONCUSTOMERS

Receivables from noncustomers include a note receivable from a former employee. The balance of this note at December 31, 2004 was \$2,021. This note bears interest at a rate of 5% annually. This loan is expected to be fully repaid during 2005.

Receivables from noncustomers also include a receivable from an employee in the amount of \$9,392 for an error loss. This loss is being deducted from the employee's paycheck on a scheduled basis.

NOTE 9 – RECEIVABLES FROM BROKERS OR DEALERS

Receivables from brokers or dealers consist of \$37,479 for commissions earned, \$42,483 for deposits held and \$56 for interest on deposits held.

NOTE 10 – OTHER EXPENSES

Other Expenses consist of the following

Advertising and promotion	\$ 4,280
Communications and data processing	10,378
Legal and professional fees	12,090
Occupancy	26,869
Corporate	12,177
Other	<u>12,131</u>
Total	<u>\$ 92,565</u>

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY THE SECURITIES AND EXCHANGE COMMISSION RULE 17a-5

To the Board of Directors
Corporate Investments Group, Inc.
1131 Argyle Street
Chicago, IL 60640

In planning and performing our audit of the financial statements of Corporate Investments Group, Inc. for the year ended December 31, 2004, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a) (11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer activities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with U.S. generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the Pacific Exchange, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 and should not be used for any other purpose.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Corporate Investments Group, Inc.
1131 Argyle St.
Chicago, IL 60640

We have audited the accompanying statement of financial condition of Corporate Investments Group, Inc. as of December 31, 2004 and the related statements of income, changes in ownership equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U. S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Corporate Investments Group, Inc. as of December 31, 2004, and the results of its operations and its cash flows for the year ended in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 13 through 17 is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
